WHY THIS LASTS

They didn't open an office. They bought a factory.

A production campus in Roanoke, Virginia, built to make fresh product close to the people using it.

Anyone can copy a label. Copying this means building fresh production from the ground up.

Formulated in Austria. US production is being set up in Roanoke now.

\$85M

invested in the United States.

WHAT FRESH ACTUALLY MEANS

Every product is made fresh, several times a month.

What reaches you is weeks old.
The conventional chain runs 18 to 30 months.

Formulas get copied in a year. Freshness can't be.
To match it, a competitor would have to leave the store shelf.

THE ACTIVE INGREDIENT

Supports your body's own **GLP-1** response.

Metabolaid®, the licensed active in RINGANAdea, supports GLP-1. That's the fullness hormone your gut releases after you eat.

OF RESEARCH

GLP-1 tells your brain you're full, slows digestion so fullness lasts, and helps keep blood sugar in a healthy range. Metabolaid is a patented lemon verbena and hibiscus extract, standardized so every batch is the same. RINGANA licenses it rather than developing its own.

One of RINGANA's five best sellers. It went viral in Spain at launch.

Coming to the US in late November.

HOW YOU GET PAID

No inventory. No shipping.
A percentage of what you share...
and of what your team shares.

Here's how it adds up.

BUSINESS OPPORTUNITY

11

THE PERCENTAGES

ON YOUR POINTS

19% to 39%

Every product carries points. The more points you sell, the higher your percentage.

YOUR FIRST STATEMENT

2x

Join in October and your first statement pays double. No pack required.

The double covers everything commission pays on: your own sales, your team, and your bonuses.

Percentages apply to points, RINGANA's commissionable volume, like any plan where commission is paid on a portion of retail. Each commission point pays \$1.60. October enrollees' first statement covers October and November. Enroll by October 31, 23:59 CET. The Start Bonus has its own double, on the next slide. Not a projection of earnings.

BUSINESS OPPORTUNITY

THE START BONUS

Double it with a Founder Set.

STANDARD

1x

FOUNDER SET

2x

The Start Bonus is a four-month program paid monthly on top of commission. Add a Founder Set at enrollment and it pays double, at every level, every month.

STANDARD

Pays from \$110 to \$33,000 a month, by level

Requires the Business Booster

FOUNDER SET

Pays from \$220 to \$66,000 a month, by level

Requires a Founder Set

HOW TO UNLOCK IT Business Booster (free in October) + one Founder Set (30% off at enrollment).

Figures are the amounts the plan pays at each level, not a projection of earnings. Monthly requirements apply, and missing one ends the program. October promotions end October 31, 23:59 CET.
