

## WHY RINGANA IS DIFFERENT

# Made fresh. Skin, body and supplements.

RINGANA makes skincare, body care, supplements and longevity products fresh, in small batches several times a month, based on demand. Then it ships straight to you. No store shelves, no years sitting in a supply chain. It reaches you weeks old, with a real expiration date on every product.

01

### MADE FRESH

Small batches, several times a month.  
Weeks old, not years. Formulas get copied.  
Freshness can't be.

02

### NO SYNTHETIC PRESERVATIVES

It's protected without parabens, phenoxyethanol, or even the sodium benzoate and potassium sorbate most clean brands use.

03

### NOTHING HIDDEN

RINGANA publishes the levels of its key skincare actives, and no supplement contains added flavorings, even "natural flavors."

## THE GLOBAL BEST SELLERS

RINGANA's top sellers worldwide. All three launch in the US.
